

#### **WARRANTY AND OBLIGATION:**

Bluebird Lighting warrants to the first purchaser of any of its products that they are to be free from defects in material and workmanship for a period of two (2) years from the date of purchase for all indoor products. For outdoor products: electrical components are warranted for two (2) years; outdoor painted finishes are warranted for one (1) year. Stainless steel finishes are warranted for lifetime, under normal use to the first purchaser. Although Bluebird Lighting uses the best available materials and does extensive testing for finish endurance, some fading or chalking may occur and is considered normal. For coastal locations, some corrosion and/or deterioration is considered "normal wear" in this environment. Therefore, any finish claim due to coastal environment conditions is not applicable to our warranty.

If a product is defective, all efforts will be made to correct the problem in the field. If the problem cannot be resolved, a Return will be authorized. Bluebird Lighting's obligation is expressly limited to repair or replacement, without charge, at Bluebird Lighting's factory after prior written return authorization has been granted. Bluebird Lighting's obligation under this warranty shall not extend beyond the initial purchase price of the product and accordingly any consequential damages or labor costs arising out of a defect are expressly excluded.

This warranty shall not apply to products that have been altered, improperly installed, mishandled or misused. Notice of a defect in writing must be received by Bluebird Lighting within two (2) years from the date of purchase. Excluded from the two (2) year warranty are all light bulbs, which are warranted separately by the manufacturer for the bulbs.
